

ACCENT BAFFLES (AB)

G&S Acoustics' Accent Baffles (AB) are effective sound-control products for **isolating noise** and **absorbing sound** in open ceiling systems. Baffles hang from existing ceiling grid systems or from roof decks and bar joists in open ceilings.

Available with a painted finish, our Accent Baffles also define open spaces and **add depth to ceilings**. Accent Baffles have a standard white painted finish on all four sides, custom colors are available upon request.

CORE SECTIONS

CORE

6-7 pcf fiberglass
Thickness: 2"

SIZES

Custom sizes and shapes
up to 8'x2'

MOUNTING

Eyebolt (field applied)
Custom mounting on request
Hanging devices such as wire or cable are supplied by others.

FINISH

Paint - standard white
Custom colors on request

EDGES

Square
Hardened

FLAMMABILITY

All components have a Class "A" rating per ASTM E84

SOUND ABSORPTION - IN SABINS

Hz	125	250	500	1000	2000	4000	NRC
AB2	1.13	2.13	6.31	8.65	8.59	7.83	1.60

Note: NRC based on absorption coefficient from one Baffle.
