

CLASSIC PLUS WALL PANELS (CP)

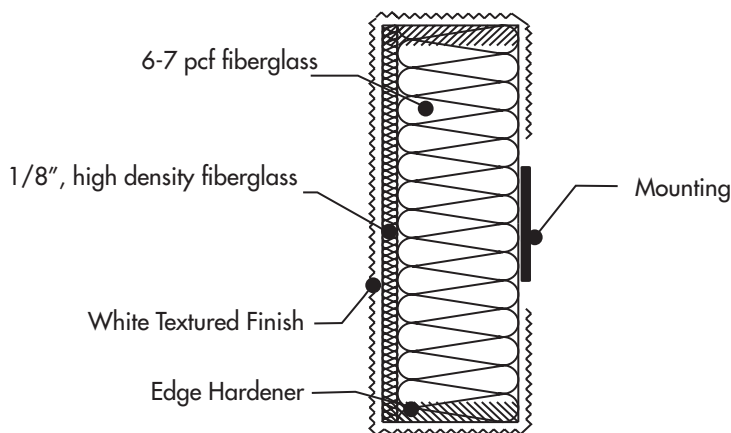

G&S Acoustics' Classic Plus wall panels offer a **durable core** with an **inexpensive, white textured finish** that resembles painted drywall. Classic Plus wall panels are only available with a textured white finish.

Classic Plus wall panels give the appearance of white wall panels without the additional cost of paint or fabric covering. The panels are composed of a 1/8" high density fiberglass facing with a 6-7 pcf fiberglass core and are covered on the face and all of the edges for a completely finished appearance.

Other products available with a Classic white textured finish:

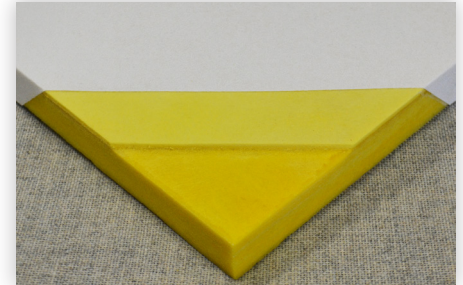

Classic Plus Ceiling Panels
Classic Wall Panels
Classic Ceiling Panels
Serenade Classic Clouds
